Dear Friends, Businesses, and Supporters of the Arts,

We proudly introduce to you and invite you to support South Shore Theatre Works, a new nonprofit organization, as we begin our initial stages of growth in your community.

Although you may be aware of many thriving local and regional theatre organizations in your area, you may be interested to know that South Shore Theatre Works is the sole community theatre group to focus on a mission of engaging, inspiring, challenging, educating, and empowering both artists and audiences, in order to make the South Shore a more conscious and compassionate community. This mission is something we, the Board of Directors and our members, strongly believe in.

And our mission impacts you as well – imagine how many children, adults, parents, families, actors, designers, volunteers, and audience members will benefit from a strong outlet for high-quality theatre and a place to gather together that is accepting and encouraging of ALL who join! With your support, we can truly make a difference in the lives of South Shore residents, and in your town.

Will you join us this year as an exclusive sponsor of South Shore Theatre Works?

Please refer to our Sponsorship Opportunities sheet to learn about the various ways you can lend your support, while still meeting the goals of your business. We are certain that one of these options will be a perfect fit for your desired level of support, but should you find that our packages do not match your organization's budget for community outreach, we are happy to provide a list of affordable program advertising options.

Should you have any questions about our sponsorship or advertising opportunities or are ready to submit a signed sponsorship agreement, please contact us at marketing@southshoretheatreworks.com.

We thank you sincerely for your help in bringing this exciting, empowering theatre organization to life. Together, we can help so many people shine.

We look forward to speaking with you soon!

Warmly,

Richard Bento, SSTW Executive Director
Kelly Marshall, SSTW Marketing Director
